

Kingston Carers' Strategy

The strategy will be created in a partnership of carers, Kingston Council, ourselves at Kingston Carers' Network, health partners in South West London Clinical Commissioning Group and other voluntary sector organisations. It will be a 3 year plan for supporting carers of all ages, including young and young adult.

Adult Carers survey initial high level results

- 229 responses so far.
- 44.8% caring for an elderly person (over 65).
- 43.7% caring for an adult (up to 65 years old).
- 17.2% caring for a child with a disability or long term illness or condition.

• Deadline extended to 31 October.
